This sixth volume in the Academy of International Business Series presents leading-edge research on contemporary themes in international business. Part one explores several of the major issues that currently face multinational enterprises: government policy, the Asia crisis, knowledge and technology management, corporate-subsidiary relations, strategies for small firms and the impact of the technological revolution. Part Two of the volume examines the impact of foreign direct investment, FDI. Written by a range of international contributors, a key focus of these papers is the particular issues relating to foreign investment in the emerging markets of Central and Eastern Europe and South-East Asia.

A guide to more than 300 makes and models of used vehicles, covering model descriptions, fuel economy estimates, recall and service histories, price guidelines, repair costs, and warranties.

A fully revised, updated edition provides authoritative evaluations of used car reliability and value, in a guide that includes helpful ratings charts. Original.
