Original. 200,000 first printing.

The girls go on an overnight and share horror stories around the campfire. But it's the one about Cropsy, the creepy old man who lives just outside the campgrounds and is known for torturing Lakeview campers, that hits closest to home. Especially when Chelsea leaves the group for a bathroom break in the woods and doesn't return after 45 minutes. No sooner do her bunkmates go after her then do they realize they've completely lost their way and are now at the mercy of the evil Cropsy's whims!

THE DEFINITIVE DESCRIPTION OF HOW TO REBUILD AND RESTORE THE LOTUS ELAN, A LEGEND AMONGST CLASSIC CARS.

So you want to turn your Yugo into a Viper? Sorry--you need a certified magician. But if you want to turn your sedate sedan into a mean machine or your used car lot deal into a powerful, purring set of wheels, you've come to the right place. Car Hacks & Mods for Dummies will get you turbo-charged up about modifying your car and guide you smoothly through: Choosing a car to mod Considering warranties, legal, and safety issues Hacking the ECU (Engine Control Unit) to adjust performance-enhancing factors like fuel injection, firing the spark plugs, controlling the cooling fan, and more Replacing your ECU with a plug and play system such as the APEXi Power FC or the AEM EMS system Putting on the brakes (the faster you go, the faster you'll need to stop) Setting up your car for better handling and cornering Written by David Vespremi, automotive expert, frequent guest on national car-related TV shows, track driving instructor and self-proclaimed modder, Car Hacks & Mods for Dummies gets you into the ECU and under the hood and gives you the keys to: Choosing new wheels, including everything from the basics to dubs and spinners Putting your car on a diet, because lighter means faster Basic power bolt-ons and more expensive power adders Installing roll bars and cages to enhance safety Adding aero add-ons, including front "chin" spoilers, rear spoilers, side skirts, and canards Detailing, down to the best cleaners and waxes and cleaning under the hood Using OBD (on-board diagnostics) for troubleshooting Getting advice from general Internet sites and specific message boards and forums for your car's make or model, whether it's a Chevy pick-up or an Alfa Romeo roadster Whether you want to compete at drag strips or on road courses or simply accelerate faster on an interstate ramp, if you want to improve your car's performance, Car Hacks & Mods for Dummies is just the boost you need.

British automaker Lotus is known for both its racing models and its street model cars. Readers will compare and contrast these two types of cars through chapters that profile both types. Chapters cover the history of this brand, its most famous models, and take a look at the re-launch of the beloved Esprit model. Young fans will learn more from a stat rundown chart for each profiled model.

A-Z reference; Appendices; Index.

The book aims to present the current developments in select areas of biotechnology of aquatic animals, covering relevant information from the different fields. The book is a comprehensive set of reviews of our existing knowl-edge in biotechnology of aquatic animals. It is written principally as a comprehen-sive reference for students and teachers,

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.
