In 2008, he published *48 Liberal Lies About American History*. During the 2018 United States elections, Schweikart falsely claimed that then-Congressman Beto O'Rourke was sending busloads of illegal immigrants to polling booths and paying them \$100 to vote.

Challenges four dozen popular misconceptions about the United States' past, debunking beliefs about such topics as the separation of church and state, Lincoln's agenda behind the Emancipation Proclamation, and Truman's reasons for bombing Hiroshima. 25,000 first printing.

A historian debunks four-dozen PC myths about our nation's past. Over the last forty years, history textbooks have become more

# Read Online 48 Liberal Lies About American History

and more politically correct and distorted about our country's past, argues professor Larry Schweikart. The result, he says, is that students graduate from high school and even college with twisted beliefs about economics, foreign policy, war, religion, race relations, and many other subjects. As he did in his popular *A Patriot's History of the United States*, Professor Schweikart corrects liberal bias by rediscovering facts that were once widely known. He challenges distorted books by name and debunks forty-eight common myths. A sample:

- The founders wanted to create a wall of separation between church and state
- Lincoln issued the Emancipation Proclamation only because he needed black soldiers
- Truman ordered the bombing of Hiroshima to intimidate the Soviets with atomic diplomacy
- Mikhail Gorbachev, not Ronald Reagan, was responsible for ending the Cold War

America's past, though not perfect, is far more admirable than you were probably taught.

Challenges four dozen popular misconceptions about the United States' past, debunking beliefs about such topics as the separation of church and state, Lincoln's agenda behind the Emancipation Proclamation, and Truman's reasons for bombing Hiroshima. 25,000 first printing.

For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the

# Read Online 48 Liberal Lies About American History

achievements of “ dead white men. ” As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot ’ s History of the United States corrects those doctrinaire biases. In this groundbreaking book, America ’ s discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America ’ s true and proud history.

In 2008, Barack Obama lobotomized a generation. For an entire year, otherwise clear-thinking members of the most

# Read Online 48 Liberal Lies About American History

affluent, over-educated, information-drenched generation in American history fell prey to the most expensive, hi-tech, laser-focused marketing assault in presidential campaign history. Twitter messages were machine-gunned to cell phones at mach speed. Facebook and MySpace groups spread across the Internet like digital fire. YouTube videos featuring celebrities ricocheted across the globe and into college students ' in-boxes with devastating regularity. All the while, the mega-money-raising engine whirred like a slot machine stuck on jackpot. The result: an unthinking mass of young voters marched forward to elect the most radical and untested president in U.S. history. Recognized as one of the country ' s top young conservative activists by Human Events, Jason Mattera created an internet sensation with ambush video interviews that exposed clueless young liberals and

## Read Online 48 Liberal Lies About American History

unning Democratic officials. Now he reveals the jaw-dropping lengths Barack Obama and his allies in Hollywood, Washington, and Academia went to in order to transform a legion of iPod-listening, MTV-watching followers into a winning coalition that threatens to become a long-lasting political realignment. Obama Zombies uncovers the true, behind-the-scenes story of the methods and tactics the Obama campaign unleashed on youth culture. Through personal interviews and meticulous original research, Mattera explains why conservatism 's future rests upon jolting the young masses from their slumber, yanking out their earphones, and sparking a countercultural conservative battle against the rise of the ignorant Left. The lesson from 2008 is crystal clear: When true conservatives run away, Obama zombies come out to play.

## Larry Schweikart

A conservative historian examines some of the pivotal, yet often ignored, moments that shaped our history. All students of American history know the big events that dramatically shaped our country. The Civil War, Pearl Harbor, the assassination of John F. Kennedy, and 9/11 are just a few. But there are other, less famous events that had an equally profound impact. Notable conservative historian Larry Schweikart takes an in-depth look at seven of these transformative moments and provides an analysis of how each of them spurred a trend that either confirmed or departed from the vision our Founding Fathers had for America. For instance, he shows how Martin Van Buren's creation of a national political party made it possible for Obama to get elected almost two centuries later and how Dwight Eisenhower's heart attack led to a

# Read Online 48 Liberal Lies About American History

war on red meat, during which the government took control over Americans' diets. In his easy-to-read yet informative style, Schweikart will not only educate but also surprise readers into reevaluating our history.

The hottest and most controversial book of the year! Find out who really controls the media in America. “ [Ann Coulter] is never in doubt. And that, along with her bright writing, sense of irony and outrage, and her relish at finally hitting back at political opponents (especially in the media) is what makes Slander such refreshing and provocative reading. ”  
—Los Angeles Times “ [Ann Coulter] is a fluent polemicist with a gift for Menckenesque invective . . . and she can harness such language to subtle, syllogistic argument. ” —Washington Post Book World “ The most popular nonfiction

# Read Online 48 Liberal Lies About American History

book in America. ” —New York Times

“ The real value of Slander . . . is not in the jokes or devastating expos é s of liberal politicians and their allies, but the serious and scholarly study of just how entrenched the media prejudice is against anyone whose politics are even faintly conservative. ” —New York Sun

“ Written with a great deal of passion . . . the real source of its strength—and its usefulness—was its painstaking marshalling of evidence . . . More important than [High Crimes and Misdemeanors] because it addresses a much broader issue, and one of lasting significance. ” —National Review

Ever since the first colonists landed in the New World, Americans have forged ahead in their quest to make good on promises of

# Read Online 48 Liberal Lies About American History

Capitalism and independence. American Entrepreneur vividly illustrates the history of business in the United States from the point of view of the enterprising men and women who made it happen. Weaving stirring narrative with economic analysis, this historical deep dive recounts the successes and failures of some of the most iconic business people to grace our history books--from the founding of our country to the present day. You'll learn about how Eli Whitney changed the shape of the American business landscape; how the Civil War impacted the economy, and how it was renewed by the subsequent dominance of Andrew Carnegie and J. P. Morgan; how Asa Candler, W. K. Kellogg, Henry Ford, and J.C. Penney led the rise of the consumer marketplace; and what Warren Buffett's, Michael Milken's, and even Martha Stewart's experience in the "New Economy" was

# Read Online 48 Liberal Lies About American History

like in the 1990s--and how that economy continues today. It is an adventure to start a business, and the greatest risk takers in that adventure are entrepreneurs. This is the epic story of America ' s entrepreneurs and how they created the economy we enjoy today.
