Do you like to be wrong? Shouldn’t you? Why do you think “wrong” is “bad”? In The Very Best Bad Idea, Kirk Westwood steamrolls the long-held premise that right is good and wrong is bad. He paves the way to give anyone who sees situations differently the permission to be proud of their brilliantly unbridled “bad ideas.” In this book, you’ll learn about: -- The History of Thinking, and how we might be wired incorrectly for the society we live in today. -- An in depth analysis of popular cliches like “don’t reinvent the wheel” and “build a better mousetrap” and why we might need to “make friends with the mouse”. -- Why people should start embracing their unique views of the world as they are the true genesis of innovation and creativity. And so much more! This book speaks to the entrepreneurs, the creatives, the innovators, and the outcasts as they seek out the secret to conquering innovation. It’s an unconventional look at a conventional problem. If you’re ready to release the “Kreative” and embrace your individual perspective, get ready for the The Very Best Bad Idea.

WHEN IT COMES TO LOVE, SOMETIMES IT TAKES THE HEAD YEARS TO DISCOVER WHAT THE HEART HAS ALWAYS KNOWN When Forbes Branson was a young man ready for something new. A senior in high school, he was the golden boy. Heir to a fortune, he knew what his life was going to be. But he wanted adventure first. A year to do what he wanted, where he wanted before college. An unexpected betrayal would change everything. Sophie Lipton was fifteen the first time she set foot on the Branson ranch. Dragged from one place to another, never having more than one pair of shoes or enough to eat, the moment she saw the wide open spaces, she felt she could breathe for the first time in her life. It was the home she always dreamed of. But her happiness came at a price. To stay in her new home, Sophie had to keep somebody else’s lies. Lies that would eventually tear apart a family. And tear apart her friendship with Forbes. Coming home is never easy-especially after twelve years. Forbes isn’t the same young man. He found his adventure-and more. Weary, he’s ready to settle into a slower, calmer life. Working on his family’s ranch and taking the job as Chief of Police sounds like a piece of cake after the things he had seen and done. Sophie isn’t the quiet girl Forbes remembers. She’s grown into a strong, confident woman. A woman used to being in charge. The Branson ranch is her territory now. If Forbes thinks he’s going to waltz back in and take over, he’s going to find out fast that Sophie is no pushover. Twelve years ago, they shared one goodbye kiss. More sweet than passionate. Now, as adults it’s a whole new game. The attraction between them is undeniable. Just as they begin to move forward, the past has other ideas. Secrets rarely stay buried forever. Lies. Betrayal. Maybe even murder. Before Forbes and Sophie can think about the future, they will need to deal with the past. Together.

Seven billion people on earth; it was only a matter of time before you discovered the truth. Your legends--your myths and religions--have called us by many names. Since the beginning, our kind has walked among you as your protectors. We are the only ones who know who you are and why you are here. He wasn’t meant to disappear; you weren’t meant to know why. Our objective was clear: hunt them, kill them and leave. Once you know, there will be no going back. They will come for you. Are you ready?
