The Absolute Beginner's Guide to Personal Firewalls is designed to provide simplified, yet thorough firewall information on the most prevalent personal firewall software applications available for the non expert firewall consumer. In addition, it offers information and links to Web sites that will help you test your security after your personal firewall is installed.

Keeping a beginner's time, abilities, and budget in mind, The Absolute Beginners Guide Making Chain Mail Jewelry introduces jewelry makers to seven basic weaves. Eighteen fun, stylish projects follow, beginning with easy-to-make earrings, and progressing to bracelets and necklaces.In addition to practicing basic weaves and creating beautiful pieces, beginners will learn many other important skills. They will learn how to use chain mail to embellish leather and other materials, add crystal accents, make stretchable chain mail with rubber O rings, add color with anodized aluminum rings, and more!

This new edition gives readers the ability and understanding necessary to create and administer a network. The book shows the reader how to physically connect computers and other devices to a network and access peripherals such as printers over the network.

"Thomas Morrell has spent over thirteen years in the restaurant and bar industry. He has worked as a busboy, dishwasher, server, host, cook, manager and most importantly as a bartender. Over the years many people have asked him how they can become a bartender too. This book is his answer. Inside you will find information covering: bartending tools and terminology, Thomas' customer service philosophy, beer, wine, distilled spirits, mixed drinks, how to maximize your tips, bartending working environments, bartending professionalism, responsible bartending, finding work as a bartender"--P. [4] of cover.

Make the most of Visio2013 -- without becoming a technical expert! Visio 2013 Absolute Beginner's Guide is the fastest way to get comfortable and productive with the newest version of Visio, use its powerful new tools, and extend it to the web and the latest mobile devices. Whether you're new to Visioor you're one of the millions who've used previous versions, this practical, approachable book will show you how to do exactly what you want, one incredibly clear and easy step at a time. Friendly, direct, and patient, this book reveals Visio2013's power, and helps you quickly master its updated interface. World-renowned Visiotutorial author Chris Roth provides step-by-step instructions for every task requiring more than one step. He presents screenshots guiding you through complex processes, and illustrations demonstrating the touch gestures you need to run Visio on the latest tablets and Windows 8 devices. Along the way, he covers key Visio 2013 improvements that simplify diagramming, help you build more attractive visuals, allow for dynamic diagram updates with real-time data; and make it easier to collaborate with others on your team.

Windows 8 Absolute Beginner's Guide Make the most of your new Windows 8 device without becoming a technical expert! This book is the fastest way to take control of Windows 8, and use it to

create, connect, and discover… simplify and organize your whole life… learn more, play more, do more, live better! Even if you've never used Windows 8 before, this book will show you how to do what you want, one incredibly clear and easy step at a time. Windows 8 has never, ever been this simple! Who knew how simple Windows 8 could be? This is the easiest, most practical beginner's guide to navigating Windows 8—whether from a desktop, notebook, or tablet… simple, reliable instructions for doing everything you really want to do! Here's a small sample of what you'll learn: … Discover Windows 8's whole new approach to running a computer … Run Windows 8 the way that's easiest for you: mouse, touch, or keyboard … Find and use the old Windows Desktop along with all your favorite Windows XP and 7 programs … Get online with Internet Explorer® 10 and master its new tools and shortcuts … Set up your home network, printer, and other devices … Master quick, easy new ways to use Facebook, Twitter, and LinkedIn® … Safeguard your personal information and keep it private … Enjoy all your digital photos, videos, movies, and music … Connect with anyone through email, messaging, and video chat … Discover and play new Windows 8 games, and use Windows to control your Xbox 360 … Manage even the most gigantic collections of data and media … Automatically back up your information to external drives, DVDs, or Microsoft SkyDrive® … Fix problems, protect yourself from viruses, and keep Windows 8 working reliably Paul Sanna is the author of almost two dozen computer books on topics such as Microsoft Windows, Internet Explorer, and Windows security. He has extensive experience working with and explaining pre-release versions of Windows. He currently advises his clients on software decisions, both for the desktop and for large business projects.
