Production Part Approval Process (PPAP) is the industry standard that ensures engineering design and product specification requirements are met. Through the PPAP guideline, suppliers and customers understand the requirements to obtain part approval of supplier manufactured parts.

[\(PPAP\) Production Part Approval Process | AIAG](#)

PPAP is a series of documents gathered in one specific location (a binder or electronically) called the "PPAP Package". The PPAP package is a series of documents which need a formal certification / sign-off by the supplier and approval / sign-off by the customer. The form that summarizes this package is called PSW (Part Submission Warrant).
