Curious George and the man with the yellow hat visit the zoo. A hungry Curious George snatches a pail of bananas from the zoo keeper. Though he shouldn't have taken the bananas, George soon changes the zookeeper's shouts to praise with his clever, helpful ways.

Annotation Initial public offerings (IPOs) garnered unprecedented positive attention in the 1990s for their spectacular returns and central role in entrepreneurial activity. Subsequent revelations of unscrupulous IPO allocation and promotion practices cast a less fa.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

A journalist with deep knowledge of the region provides "an enthralling and largely firsthand account of the war in Afghanistan" (Financial Times). Few reporters know as much about Afghanistan as Carlotta Gall. She was there in the 1990s after the Russians were driven out. She witnessed the early flourishing of radical Islam, imported from abroad, which caused so much local suffering. She was there right after 9/11, when US special forces helped the Northern Alliance drive the Taliban out of the north and then the south, fighting pitched battles and causing their enemies to flee underground and into Pakistan. Gall knows just how much this war has cost the Afghan people—and just how much damage can be traced to Pakistan and its duplicitous government and intelligence forces. Combining searing personal accounts of battles and betrayals with moving portraits of the ordinary Afghans who were caught up in the conflict for more than a decade, *The Wrong Enemy* is a sweeping account of a war brought by American leaders against an enemy they barely understood and could not truly engage.

More information to be announced soon on this forthcoming title from Penguin USA

The emergence of the cloud and modern, fast corporate networks demands that you perform judicious balancing of computational loads. Practical Load Balancing presents an entire analytical framework to increase performance not just of one machine, but of your entire infrastructure. Practical Load Balancing starts by introducing key concepts and the tools you'll need to tackle your load-balancing issues. You'll travel through the IP layers and learn how they can create increased network traffic for you. You'll see how to account for persistence and state, and how you can judge the performance of scheduling algorithms. You'll then learn how to avoid performance degradation and any risk of the sudden disappearance of a service on a server. If you're concerned with running your load balancer for an entire network, you'll find out how to set up your network topography, and condense each topographical variety into recipes that will serve you in different situations. You'll also learn about individual servers, and load balancers that can perform cookie insertion or improve your SSL throughput. You'll also explore load balancing in the modern context of the cloud. While load balancers need to be configured for high availability once the conditions on the network have been created, modern load balancing has found its way into the cloud, where good balancing is vital for the very functioning of the cloud, and where IPv6 is becoming ever more important. You can read Practical Load Balancing from end to end or out of sequence, and indeed, if there are individual topics that interest you, you can pick up this book and work through it once you have read the first three chapters.

Regan Wakefield is a headhunter in both name and personality: driven, motivated, and unafraid to pursue what-and who-she wants. Naturally, she's thrilled when her friend's wedding offers her an opportunity to score Logan McCade, the practically perfect best man. Unfortunately, groomsman Brock McNeil keeps getting in her way, riling her up in the most delicious of ways. But Brock's smooth southern charm isn't part of the plan...so how exactly did they end up having searing-hot sex? Regan may pretend the erotic electricity sparking between them is merely a distraction, but Brock knows better. She refuses to see beyond the devil-may-care façade he presents to the world, while he sees straight through hers. Changing her mind-and getting under her skin-is a challenge he can't resist. And when he wins, Brock will do whatever it takes to convince Regan that the best man for her is him. Each book in the Wedding Dare series is a standalone story that can be enjoyed out of order. Falling for the Groomsman by New York Times bestselling author Jen McLaughlin, w/a Diane Alberts Baiting the Maid of Honor by New York Times bestselling author Tessa Bailey Seducing the Bridesmaid by New York Times bestselling author Katee Robert Best Man with Benefits by USA TODAY bestselling author Samanthe Beck Dare to Resist by New York Times bestselling author Laura Kaye

Listening to, buying and sharing music is an immensely important part of everyday life. Yet recent technological developments are increasingly changing how we use and consume music. This book collects together the most recent studies of music consumption, and new developments in music technology. It combines the perspectives of both social scientists and technology designers, uncovering how new music technologies are actually being used, along with discussions of new music technologies still in development. With a specific focus on the social nature of music, the book breaks new ground in bringing together discussions of both the social and technological aspects of music use. Chapters cover topics such as the use of the iPod, music technologies which encourage social interaction in public places, and music sharing on the internet. A valuable collection for anyone concerned with the future of music technology, this book will be of particular interest to those designing new music technologies, those working in the music industry, along with students of music and new technology.

In this entrancing conclusion to her Orphan Train trilogy, New York Times bestselling author Linda Lael Miller bewitches with a sensual tale of the oldest Chalmers sister, who dares to risk everything in pursuit of a dream... Caroline Chalmers may seem like a staid schoolmistress, but when her promised husband is arrested for a crime that he says he didn't commit, she walks boldly into a Wyoming frontier saloon and asks former Confederate raider Guthrie Hayes to help her plot a jailbreak. Caroline believes she wants married life with a respectable man—and the disreputable, wildly handsome Guthrie certainly doesn't fit the bill. But when he kisses her, she is flooded with a shameless passion that leaves her shaken to the core...and longing for more. Guthrie's hard-won hopes for his future don't involve helping a naive girl on a foolhardy mission. There's something about the lovely Caroline's sensual response to his caresses, however, that makes him forget his sensible plans in an overwhelming yearning to teach this lovely wildcat the true meaning of desire.

In ISOBEL'S WEDDING from no. 1 bestselling author Sheila O'Flanagan, Isobel faces every bride-to-be's worst nightmare. Not to be missed by readers of Freya North and Veronica Henry. Four hundred and twenty pearls hand-sewn onto the wedding dress. The Mediterranean honeymoon booked for months. A pile of presents bigger than Everest. And her lovely Tim, the most perfect bridegroom a girl could wish for. Except, two weeks before the wedding, he changes his mind... Isobel's wedding is off. Her world in tatters, Isobel turns to Spain, a new job, a new life and as many men as she can decently manage. Including the very appealing Nico with whom, she feels, there could be a long-term future. But part of Isobel knows that she will have to go back home some day. And that, despite all that's happened since she left, she still has unfinished business... What readers are saying about Isobel's Wedding: 'The best book I have ever read. I wish Sheila O'Flanagan would write another novel about Isabel as she was such a
