In seven chapters, you'll get a complete review of each of the core competencies as recommended by the Association of Schools of Public Health (ASPH) as well as tips, test-taking skills, recommended resources, and 200 practice-test multiple choice questions. A concise review of epidemiology, biostatistics, behavioral and social sciences, environmental sciences, and health policy and management sciences is offered along with vignettes that illustrate the application of concepts. Numerous figures, tables, and references further enhance learning.

Contains more than 600 practice questions and answers! Certification in Public Health (CPH) Q&A Exam Review provides the ultimate resource for all students and practitioners seeking the professional credential and committed to lifelong learning and career growth in public health. Chapters are organized by all ten core competency domain areas, beginning with Evidence-Based Approaches to Public Health and including chapters on Communication, Leadership, Law and Ethics, Public Health Biology and Human Disease Risk, Collaboration and Partnerships, Program Planning and Evaluation, Program Management, and Policy in Public Health before concluding with Health Equity and Social Justice. Covering over 150 topic areas, each chapter introduces the core objectives of each domain area to frame the goals of the CPH exam and highlight the complete content outline featured on the exam. Chapters include the fundamental information public health professionals must learn to be effective workers in the field followed by approximately 600 practice questions with detailed rationales for correct answers at the end of each chapter. Using this method, the number of practice questions are divided equally among each domain area for comprehensive study and exam preparation. Written by a CPH certified educational leader in public health and containing over three exams' worth of questions, this book is the most useful and thorough exam review resource on the market, great for on-the-go study and preparation. **KEY FEATURES:** Over 600 multiple choice, single-best answer questions with answers and detailed rationales Full coverage of all 10 competency domain areas featured on the exam Written by a CPH certified and leading educator in public health Includes downloadable interactive eBook for anytime access This book is an independent publication and is not endorsed, sponsored, or otherwise approved by the National Board of Public Health Examiners. The NBPHE is not liable or responsible for any errors, omissions, or timeliness of the information or data available in this book, any individual's negligence in connection with the book, or any other liability resulting from the use or misuse of the book.

A uniquely Lutheran Bible study for women, author Heidi Goehmann, a deaconess, leads readers through the Book of Colossians. The Mighty and The Mysterious features six teaching videos and a Bible study workbook with video viewer guides and weekly homework pages that expand on the video content.

College students and recent graduates are often uncertain about the future, wondering if they chose the right path and will land a job. Adults in stable jobs and full-time parents often experience feelings of being stuck, frustrated, or unhappy; they think the grass is always greener on the other side of the fence. Those who have lost their jobs or are retired may wonder what the future hold and if they will be able to support themselves. In our quest to "have it all" in life, we might be overwhelmed or stressed, but God's Word speaks a better truth about how we're meant to live. Pastor Leininger gives readers five key themes to focus on with these struggles and uncertainties, providing reassurance and guidance while reminding us all that God does have a plan for our lives

Why are you Lutheran? It's a valid question in this modern age of denominations, distinctions, and choices.

From the Back Cover: Basics of Public Health Core Competencies is a reader-friendly review of the five core competencies outlined by the Association of Schools of Public Health. One chapter is devoted to each of the disciplines of epidemiology, biostatistics, behavioral and social sciences, environmental health, and health policy and management sciences, along with vignettes that illustrate the application of concepts. Using a clear outline format, this text is ideal for courses that offer a basic introduction to the field of public health, or for courses that prepare MPH students for the new Certification in Public Health exam. Learn more about each competency with the Essential Public Health series. See www.jbpub.com/essentialpublichealth for the latest information on the series.

American Christianity teaches the centrality of the individual-my will, my experiences, my decision, my heart, my work, and my dedication. Yet we couldn't be more unaware that Christ and His saving and comforting work are being lost. Our minds and hearts are captivated in some way by those who often preach the Christian instead of Christ. Wolfmueller sounds the alarm against the false teaching and dangerous practices of Christianity in America. He offers a beautiful alternative: the sweet savor of the Gospel, which brings us to the real comfort, joy, peace, freedom, and sure hope of Christ. Book jacket.

Have you ever finished reading a Bible passage, only to be left scratching your head and wondering why no study notes, devotionals, or commentaries answer your questions? The Big Book of New Testament Questions and Answers is an easy-to-follow Q&A handbook with vast insight into the entire New Testament. Rev. Dr. Michael Eschelbach draws from thirty years of experience counseling and teaching in parish and university settings to create a handy resource for students, Bible studies, and personal devotions. With countless references to parallel biblical texts, discover again and again how all of Scripture is connected.
