What ' s a person to do when there is so much to do? Dr. Seuss adds his signature spin to the age-old dilemma of indecisiveness in his rhyming picture-book classic *Hunches in Bunches*. Go outside, play video games, eat a pizza, do homework? Whether you have a “ four-way hunch, ” a “ nowhere hunch, ” or an “ up hunch, ” Dr. Seuss and his unmistakable one-of-a-kind advice will ensure that readers of all ages won ' t get “ ga-fluppted. ” This Read & Listen edition contains audio narration.

“ Why are Kazakhstan and Montana the same place? ” asks one chapter of Kate Brown ' s surprising and unusual journey into the histories of places on the margins, overlooked or erased. It turns out that a ruined mining town in Kazakhstan and Butte, Montana—America ' s largest environmental Superfund site—have much more in common than one would think thanks to similarities in climate, hucksterism, and the perseverance of their few hardy inhabitants. Taking readers to these and other unlikely locales, *Dispatches from Dystopia* delves into the very human and sometimes very fraught ways we come to understand a particular place, its people, and its history. In *Dispatches from Dystopia*, Brown wanders the Chernobyl Zone of Alienation, first on the Internet and then in person, to figure out which version—the real or the virtual—is the actual forgery. She also takes us to the basement of a hotel in Seattle to examine the personal possessions left in storage by Japanese-Americans on their way to internment camps in 1942. In Uman, Ukraine, we hide with Brown in a tree in order to witness the annual male-only Rosh Hashanah celebration of Hasidic Jews. In the Russian southern Urals, she speaks with the citizens of the small city of Kyshtym, where invisible radioactive pollutants have mysteriously blighted lives. Finally, Brown returns home to Elgin, Illinois, in the midwestern industrial rust belt to investigate the rise of “ rustalgia ” and the ways her formative experiences have inspired her obsession with modernist wastelands. *Dispatches from Dystopia* powerfully and movingly narrates the histories of locales that have been silenced, broken, or contaminated. In telling these previously unknown stories, Brown examines the making and unmaking of place, and the lives of the people who remain in the fragile landscapes that are left behind.

Offers quick solutions to help with those hair-raising toddler issues, including sleeping, time-outs, and potty training.
