Being healthy is much more than being physically fit and free from disease. Health is the state of well-being in which all of the components of health -- physical, emotional, social, mental, spiritual, and environmental -- are in balance. To be truly healthy, you must take care of all six components. - p. 11.

Communication-based Spanish language text builds on a foundation of grammar and vocabulary. Secondary level.

Dealing with Peace presents the struggles of the Guatemalan campesino (peasant) social movement during the country's post-conflict transition from 1996 to the present, focusing on efforts to obtain land and improve livelihoods within a shifting, yet consistently hostile, political-economic environment. With special focus on the relationship between the movement and the neoliberal state, Simon Granovsky-Larsen asks whether the acceptance of neoliberal resources – in this case, support for land access in Guatemala provided by the World Bank-funded Fondo de Tierras – reduces the potential for social movements to continue to work for transformative change. Positioned in contrast to studies warning that social movements cannot maintain their original vision after accepting such support, this book argues that organizations within the Guatemalan campesino movement have engaged strategically with neoliberalism, utilizing available resources to advance visions of social change. Using a wealth of primary data collected over more than a year of fieldwork, it contributes significantly to the study of

Guatemalan politics and advances understandings of the grounded operation of neoliberalism. Exploring both the dynamics of a national neoliberal transition and the ways in which these play out within civil society, *Dealing with Peace* reveals the long-term and often contradictory negotiation of political and economic transitions.

When a Texas school puts on an original play about the Alamo, the students and teachers confront modern conflicts about history, identity, and the meaning of courage.
