This is a world in the throes of economic decay and at the mercy of terrorists. This is Asia. This is Europe. This is America. This is Final Blackout. Across this devastated, post-apocalyptic landscape marches one extraordinary soldier and his band of brothers. He is the Lieutenant, a hardened military strategist and a charismatic leader of men. The narrow-minded high command may have relieved the Lieutenant of duty, but not of his honor—and his crack unit of warriors remains fiercely loyal to him. Now, in a time of deception, desperation, and betrayal, they are headed into the ultimate battle against the ultimate enemy—their own treacherous leaders. But for the Lieutenant, a hero at the crossroads of history, it is time to do what is best for his country and for his men—to undertake one last act of courage and sacrifice ... the Final Blackout. “As perfect a piece of science fiction as has ever been written.” —Robert A. Explosive intergalactic intrigue. Blazing an explosive trail from a secret Voltarian base in Turkey, across the Mediterranean, through Swiss banks, to the Mafia-controlled casinos of Atlantic City and the mean streets of New York. While Jettero Heller continues his mission to keep Earth from destroying itself, his evil opponent, Soltan Gris, attempts to sabotage Heller's plans at every turn with some sadistic plots of his own. The addition of Countess Krak, recently arrived from Voltar, and Gris' sudden acquisition of over \$250 million in gold make for an action-packed fifth installment of Mission Earth. "...a wild compound of science fiction action, political satire and sexual comedy." --Cincinnati Post

Tom Cruise and John Travolta say the Church of Scientology is a force for good. Others disagree. Award-winning journalist John Sweeney investigated the Church for more than half a decade. During that time he was intimidated, spied on and followed and the results were spectacular: Sweeney lost his temper with the Church's spokesman on camera and his infamous 'exploding tomato' clip was seen by millions around the world. In THE CHURCH OF FEAR Sweeney tells the full story of his experiences for the first time and paints a devastating picture of this strange organisation, from former Scientologists who tell heartbreaking stories of families torn apart and lives ruined to its current followers who say it is the solution to many of mankind's problems. This is the real story of the Church by the reporter who was brave enough to take it on.
