Fun with GPS by Donald Cooke

Fun with GPS There seems to be a plethora of games and alternatives emerging to take advantage of the affordability of handheld GPS units. In a previous article on the GIS Lounge, the high-tech treasure hunting game of Geocaching was discussed. Still looking for ways to have fun with your GPS unit?

Fun with GPS - GIS Lounge

For the millions of GPS owners who love their GPS units but don't know all they can do with them, this fun guide shows that a GPS can do a lot more than just calculate a location. Dozens of illustrated examples show how a GPS can be attached to a multitude of devices, including dogsleds, race cars, hot-air balloons, windsurfers, pet animals, ski racers, hockey players, and sailboats.

and DDDMM.mmmm format.

RevK®'s ramblings: More fun with GPS...

Summary: "Millions of people love their GPS (global positioning system) devices but don't know they can use this amazing technology to do more - much more - than simply calculate location. The dozens of illustrated examples in this lively guide show how GPS devices can be attached to just about anything (or anyone), including dogsleds, race cars, hot-air balloons, sailboats, windsurfers, ski racers, hockey players, even.

Fun with GPS (Book, 2005) [WorldCat.org]

However, there are many other games too which is providing the same fun and excitement that Pokémon Go did. The app stores of Google and Apple has many GPS location based that have even more features than many famous games. However, due to no or low marketing, these games are still not known by the people as they should be.

1. Once your GPS unit realizes it is traveling faster than 1200mph (1900kmph) at an altitude higher than 60,000ft (18,000m), it will automatically shut itself down in fear that it is being used in an intercontinental ballistic missile-like application. - Source. 2. GPS signals are being spoofed in some areas of Moscow: "the fake signal, which seems to center on the Kremlin, relocates anyone nearby to Vnukovo Airport, 32 km away.

Fun With Gps

With the boom in GPS sales, some map programs now include a GPS menu. The GPS functions in map software include downloading waypoints, routes, and tracks from your GPS to the map software, and uploading those items to your GPS. How many of those functions are available will depend on the specific GPS and map software you own. Two popular map soft-
