Joel and Ethan Coen make up one of the most original and unconventional movie-making partnerships to come out of America at the end of the 20th century. From their debut tour de force Blood Simple to the hugely acclaimed The Man Who Wasn't There, the brothers' films have attracted critical kudos and commercial success in equal measure due to their irreverent, individual and technically virtuoso nature. Each of their films defies categorisation, yet you're never in any doubt you're watching a Coen brothers movie. This exploration of the movie career of Hollywood's best-loved outsiders charts their rise from cult favourites to box-office contenders, whilst combining indispensable reference material and critical analysis of their films.

Fully updated version of text formerly used for training by BPP Diagrammatic representation of deal structures, pricing, and modeling Full glossary of terms International perspective, examples in US\$ Clear logical explanation of processes, markets, and products This manual explains the techniques for identifying and covering exposure to adverse movements in foreign exchange rates. It provides practical examples of transaction, translation, and economic risk and shows how a hedging strategy can be arrived at. The hedging strategy will depend upon whether the attitude to risk is adverse, seeking, or neutral. This book examines these attitudes in turn and compares these hedging methods through worked examples. Also included is an analysis of accounting and tax implications. This expansive new range of risk management texts has undergone extensive re-writing to give each book in the series an international perspective. Each explains and analyses core aspects of risk assessment and management in a way invaluable to students and useful to practitioners. All of these titles adopt a practical and clear approach to their subject. All are fully updated versions of a series of books previously produced by training experts at BPP.
