Location & Availability for: Hacking the digital print ...

In Hacking the Digital Print, artist Bonny Lhotka redefines what it means to be a photographer. For one thing, you don't always need Photoshop to alter the reality you capture through your lens. In this book, you'll learn how to create unique images using tools you make and modify yourself. Lhotka shows you how to use analog distortion filters, custom textures, and lens modifiers to create images that look like you made them, not an app.
