A groundbreaking introduction to vectors, matrices, and least squares for engineering applications, offering a wealth of practical examples.

This problem-solving book is an introduction to the study of Diophantine equations, a class of equations in which only integer solutions are allowed. The presentation features some classical Diophantine equations, including linear, Pythagorean, and some higher degree equations, as well as exponential Diophantine equations. Many of the selected exercises and problems are original

or are presented with original solutions. An Introduction to Diophantine Equations: A Problem-Based Approach is intended for undergraduates, advanced high school students and teachers, mathematical contest participants — including Olympiad and Putnam competitors — as well as readers interested in essential mathematics. The work uniquely presents unconventional and non-routine examples, ideas, and techniques.

A general practice and instruction reference in basic GED subjects is designed for students who are not quite ready for full GED preparation and provides foundational subject reviews that detail GED subject areas while explaining how to initiate the GED prep process. Original.

A FUTURE EARTH IN WHICH EVERY ROAD AND BUILDING UTILISES NANOTECHNOLOGY TO MAKE CLEAN FUEL, FOOD AND FERTILISER JUST FROM WATER, SUN AND AIR.

When agent Jean Moulin investigates the mysterious connections between a murdered woman in Hampstead and assassination attempts on the President of the Whole Earth Council, he's led back to the origins of the Global Synthetic Photosynthesis Project in Namibia as well as the forces that wish to destroy it and its visionary eco-gendered founder. Split by Sun is a witty and poetic novel that explores whether humanity is meant to globally deploy a solar energy technology to progress enforceable rights of ecosystems, electronic citizen voting on laws, the marriage of corporations to public goods, community-scale industry, the abolition of war and nuclear weapons, the facilitation of universal
