edition, 2016

"Early treatment of computer law was no more than the application of existing principles to novel sets of facts. Today, it has been recognized generally that computing technology does indeed give rise to unique legal problems which are not resolvable by applying existing legal principles. This is particularly apparent where transactions are carried out through the exchange of digital information rather than human interaction. The developing law which seeks to resolve these problems is at the heart of the latest edition of this book, now established as a standard text on computer law for students, practitioners, and business in general for whom information technology is an integral part of their daily activities."--BOOK JACKET.

"International Trade Law offers comprehensive analysis of international sale transactions through case law, policy documents, legislation, international conventions and rules adopted by international organisations such as the ICC."--

In today's globalised world, an understanding of international trade is essential for those studying and practising law, business, banking and finance. International Trade Law offers a comprehensive and informed analysis of the complexities of an international sale transaction through case law, policy documents, legislation, international conventions and rules adopted by international organisations such as the

Read Online Law In Commerce 5th Edition

ICC Focusing on international sales of goods and the various relations that arise as a result of sale contract, this book considers and discusses: Standard trade terms, the Convention on International Sales of Goods 1980 and the UNIDROIT Principles for International Commercial Contracts 2004; Issues relating to E-Commerce including electronic transport documents, especially electronic bills of landing; International transportation of cargo, both unimodal (sea, air, land and rail) and multimodal, the various conventions affecting such transportation and the proposed new convention drafted by UNCITRAL and CMI; Insurance and payment mechanisms, in particular letters of credit and the recently adopted UCP 600; Dispute resolution including issues of jurisdiction, applicable law, arbitration and mediation; Corruption as a major challenge to conducting business and the

Read Online Law In Commerce 5th Edition

various anti-corruption conventions, in particular the OECD Anti-Bribery Convention 1997 and the UN Convention Against corruption 2003. Accessible to students encountering this often challenging area of the law for the first time, International Trade Law clarifies a range of topics through Tables and diagrams, and directs the reader to relevant further reading, online resources, and journal articles throughout

This fourth edition of Information Technology Law has been completely revised in the light of developments within the field since publication of the first edition in 1997. Now dedicated to a more detailed analysis of and commentary on the latest developments within this burgeoning field of law, this new edition is an essential read for all those interested in the interface between law and technology

Read Online Law In Commerce 5th Edition

and the effect of new technological developments on the law. New additions to the fourth edition include: analysis of regulatory issues and jurisdictional questions specific consideration of intermediary liability developments in privacy and data protection extension of computer crime laws developments in software patents open source software and the legal implications.

A Basic Guide to International Business Law aims to give students an understanding as well as practical knowledge of legal problems arising in the area of international business, and to equip them with the skills needed to prevent and tackle these problems. All Chapters employ the same didactic structure. Introductory case studies, examples, annotated case law, glossaries, diagrams, summaries and exercises are all designed

Read Online Law In Commerce 5th Edition

to familiarize students quickly with relevant aspects of international (business) law. A Basic Guide to International Business Law deals with the following topics:

- Introduction to International Private Law and European Law
- Legal aspects of negotiations
- International contracts: matters of jurisdiction and the law applicable to these contracts
- International contracts of sale
- Competition law
- Free movement of goods, workers, the freedom of capital and establishment and the freedom to provide services
- International payments
- Carriage of goods by road and sea
- Incoterms
- Entry modes (agents, representatives, distributors, licensing, franchising)

Features: Organizes the many strands of trademark and unfair competition doctrine around a coherent conceptual framework.

Read Online Law In Commerce 5th Edition

The clear structure is divided into three parts: foundation and purposes, creation, and scope & enforcement Traditional case-and-note format, enhanced by summarizing problems that help students better understand the intricacies of key topics. Features numerous Internet-related trademark issues, such as cybersquatting, keyword advertising, and domain name disputes. Also addresses the relationship between trademarks and domain name, and the potential secondary liability of online auction websites such as eBay Integrates international trademark issues with domestic issues Thoroughly treats trade dress protection, integrated with issues of word mark protection New to the Fourth Edition: The Second Circuit's important decision in *Louboutin v. YSL* Important new appellate decisions on functionality, including the Federal Circuit's *Becton Dickinson* opinion and

the decision of the Seventh Circuit in Franco & Sons The Fourth Circuit's decision in Rosetta Stone on trademark liability for keyword advertising The Eleventh Circuit's University of Alabama opinion on First Amendment limitations on the scope of trademark rights Cases exploring trademark fair use, including the DELICIOUS shoes case and the Tabari case on nominative fair use in connection with domain names New applications of the trademark dilution and anti-cybersquatting provisions New cases on remedies

Business Insider calls The ENTREPRENEUR'S GUIDE "perhaps the most useful business book you can ever read" and lists it among twenty-five must-read books for entrepreneurs. THE ENTREPRENEUR'S GUIDE TO LAW AND STRATEGY, 5E examines stages of

Read Online Law In Commerce 5th Edition

starting a business -- from start-up and growth to public offering, while highlighting legal preparations and pitfalls. Cutting-edge examples show how legally astute entrepreneurs can strategically increase realizable value, deploy resources, and manage risk. The book discusses leaving a job, hiring former coworkers, competing with a former employer, workplace legislation, product liability, and bankruptcy. You examine current issues including today's workforce in the "gig" economy, "crowdsourcing" capital and social media, computer hacking and identity theft. Legal discussion integrates with core strategic concepts, such as Porter's Five Forces, the resource-based view of the firm, the value proposition, activities in the value chain and more. Important Notice: Media content referenced within the product description or the product text may not be
