biological activity. 3. Liquid water — medium for chemical reactions. Where else are these available?

~~14. Life in the Universe~~

General. Alien life, such as microorganisms, has been hypothesized to exist in the Solar System and throughout the universe. This hypothesis relies on the vast size and consistent physical laws of the observable universe. According to this argument, made by scientists such as Carl Sagan and Stephen Hawking, as well as notable personalities such as Winston Churchill, it would be improbable for ...
