This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Updated in its 12th edition, Countries and Concepts systematically examines politics from around the world and presents eleven accessible and in-depth studies of Britain, France, Germany, Japan, Russia, China, India, Mexico, Brazil, Nigeria, and Iran. This text looks at similarities and differences in five key areas of each country to facilitate comparative analysis, defining important concepts and integrating examples from current events throughout. Highly readable and thought-provoking, Countries and Concepts introduces readers to the politics and governments of the world and bolsters their civic education by considering the historical, political, economic, geographical, and moral aspects of democracy.

For courses in Introduction to Political Science. Explore the Fundamentals of Political Science Political Science: An Introduction shows students how the fundamental tenets of political science have helped important leaders make critical decisions for centuries. The authors present a balance of theoretical abstractions and applied reasoning to help students understand how to make calm, rational choices when it comes to political manipulation. The Fourteenth Edition asks students to explore the controversial topic of exported democracy, and whether certain countries are ready and equipped to apply our form of government. By examining issues such as the Iraq war and the difficulty of adapting our own democracy in the U.S., the text prompts students to form their own opinions about democracy and political science. Geared toward those learning about the topic for the first time, the authors encourage students to consider different paradigms, viewpoints, and theories when developing their own political views. MyPoliSciLab® not included. Students, if MyPoliSciLab is a recommended/mandatory component of the course, please ask your instructor for the correct ISBN and course ID. MyPoliSciLab should only be purchased when required by an instructor. Instructors, contact your Pearson representative for more information. MyPoliSciLab is an online homework, tutorial, and assessment product designed to personalize learning and improve results. With a wide range of interactive, engaging, and assignable activities, students are encouraged to actively learn and retain tough course concepts.

Understanding Ethnic Conflict provides all the key concepts needed to understand conflict among ethnic groups. Including approaches from both comparative politics and international relations, this text offers a model of ethnic conflict’s internationalization by showing how domestic and international actors influence a country’s ethnic and sectarian divisions. Illustrating this model in five original case studies, the unique combination of theory and application in Understanding Ethnic Conflict facilitates more critical analysis of contemporary ethnic conflicts and the world’s response to them.

Covers the period from 2003-2006.

Brief and accessible, Political Ideologies follows the evolution of political thought over 300 years. Organized chronologically, this text examines each major ideology within a political, historical, economic, and social context. Leon Baradat’s skillful prose ensures that students obtain a clear understanding of how ideas are influencing the political realities of our time.

The modern state is hugely important in our everyday lives. It takes nearly half our income in taxes. It registers our births, marriages and deaths. It educates our children and pays our pensions. It has a unique power to compel, in some cases exercising the ultimate sanction of preserving life or ordering death. Yet most of us would struggle to say exactly what the state is. The Modern State offers a clear, comprehensive and provoking introduction to one of the most important phenomena of contemporary life. Topics covered include: * the nation state and its historical context * state and economy * state and societies * state and citizens * international relations * the future of the state
