birds and a plethora of flora and fauna. As they were gathering up their findings, a wing of an unidentified bird was packed into a brown paper bag. It was to become the most famous wing in the world. Experts were mystified. The wing was entirely unique. After much discussion, a new species was announced: *Nechisar Nightjar*, or *Camprimulgus Solala*, which means "only wing." And so birdwatchers like Vernon began to dream. Twenty-two years later, he joins an expedition of four to find this rarest bird in the world. In this gem of nature writing, Vernon captivates and enchants as he recounts the searches by spotlight through the Ethiopian plains, and allows the reader to mediate on nature, exploration, our need for wild places, and the human compulsion to name things. *Rarest Bird* is a celebration of a certain way of seeing the world, and will bring out the explorer in everyone who reads it.

Virgil Mann is an Australian editor working in London who, via an unseemly brush with fate, has just become a publisher. Good luck? Bad luck? It's too early to tell. One thing is certain—nothing in his past has prepared him for the events about to unfold. Delia Lloyd is on the precipice and her days as a TV anchor are numbered while her CEO spouse, Anthony, has a dirty little secret that could ruin them all. Their son Wesley is ready to blow the world apart with teen angst while in sun scorched Ibiza, a gold-digging beauty and the heir to Britain's largest retail fortune are about to bring the party season to a shocking and chilling end. What could one blow-in Aussie have to do with all these events and personalities? More than he'd ever expected and far more than he would like! It seems everyone in Britain wants to be a winner but there are no prizes for second. Life's luxuries are plentiful at the top of the food chain for those who get there, but is it really worth the struggle? In a world where nothing is what it seems, everyone and everything is up for grabs. In the autumn of 2000 many species are endangered - and it seems truth is the rarest and most threatened of them all. Steel yourself, gird your loins, up your medication and roll with the punches in the wildest literary rollick since Patricia Highsmith's *The Talented Mr Ripley* and the most harrowing tale of tainted love since Zoe Heller's *Notes on a Scandal*.

Now a Major Motion Picture from Lions Gate Films, Starring William Hurt, Molly Parker and Andy Jones Dave Purcell is ready to call it quits on his marriage and his restaurant, *The Auk*. His wife has left for a posting at a Washington D.C. think tank and the restaurant, built on a remote cliff on Push Cove, Newfoundland, never really took off. Dave spends his days consuming the rare delights of his well-stocked wine cellar and larder. All seems lost until Dave 's neighbour, Alphonse Murphy, comes up with an ingenious scheme to save *The Auk*.

Spring, 1990. After years of searching in vain, a stranger presses a scrap of paper into Zina's pocket. It's from Aziz: the man who vanished the day after their wedding almost two decades ago. It propels Zina on a final quest for a secret desert jail in southern Morocco, where her husband crouches in despair, dreaming of his former life. Fadel pays powerful testament to a terrible period in Morocco's history, known as 'the years of cinders and lead,' and masterfully evokes the suffering inflicted on those who supported the failed coup against King Hassan II in 1972.

“ A groundbreaking work about race and the American landscape, and a deep meditation on nature...wise and beautiful. ” —Helen Macdonald, author of *H is for Hawk* A Foreword Reviews Best Book of the Year and Nautilus Silver Award Winner In me, there is the red of miry clay, the brown of spring floods, the gold of ripening tobacco. place “ easy to pass by on the way somewhere else ” —has been home to generations of Lanhams. In *The Home Place*, readers meet these extraordinary people, including Drew himself, who over the course of the 1970s falls in love with the natural world around him. As his passion takes flight, however, he begins to ask what it means to be “ the rare bird, the oddity. ” By turns angry, funny, elegiac, and heartbreaking, *The Home Place* is a meditation on nature and belonging by an ornithologist and professor of ecology, at once a deeply moving memoir and riveting exploration of the contradictions of black identity in the rural South—and in America today. “ When you ’ re done with *The Home Place*, it won ’ t be done with you. Its wonders will linger like everything luminous. ” —*Star Tribune* “ A lyrical story about the power of the wild...synthesizes his own family history, geography, nature, and race into a compelling argument for conservation and resilience. ” —*National Geographic*

For much of his life, the closest Bob Tarte got to a nature walk was the stroll from parking lot to picnic table on family outings. But then a chance sighting of a dazzling rose-breasted grosbeak in wife-to-be Linda ’ s backyard prompts a fascination with birds, which he had never cared about before in the least. Soon he is obsessed with spotting more and more of them—the rarer the better—and embarks on a bumpy journey to improve his bumbling birding skills. Along the way, Tarte offers readers a droll look at the pleasures and pitfalls he encounters, introduces a colorful cast of fellow birders from across the country, and travels to some of the premier birding sites in the Midwest, including Point Pelee, Magee Marsh, Tawas Point State Park, and even Muskegon Wastewater System. This funny, heartfelt memoir will appeal to birders of all skill levels as well as to anyone who knows and loves a birder.

If you're looking for the events that inspired the lyrics to all my songs? Those stories are in this book. If you're looking for what I did when I was younger? That's in here. What changed me, made me stop hating and hurting? It's all here. This is my story and I'm sticking to it. That's the one thing I have, the truth. Volume one of *Black Heart Fades Blue*, a three-part memoir by the founder and frontman for one of punk rock's most notorious acts, *Poison Idea*. In 1980, Jerry A. formed *Poison Idea*, a Portland-based punk band that gave voice to disaffected and disenfranchised youth for over 30 years. As happened to so many punk bands, Jerry A. and *Poison Idea* also went all in on drugs and drinking as they toured the country, spiraling out of control and blowing both the band and their lives apart. *Black Heart Fades Blue* is not an apology or a nostalgic catalog of events, but a true reckoning with one's past and present. A memoir of a time and a place and a movement, as well as a deep conversation about the memories and moments we leave behind, *Black Heart Fades Blue* is a deep exploration of an unconventional life.
