Receiver User Manual File Type - Engineering Study Material

Once done, as long as Receiver is open, the file extension will show Receiver icon as Receiver recognizes it as a known extension. Go to Receiver (user's endpoint) and make sure you add to your favorites the application that will run the file extension. Double click on the file needed on user's endpoint and pop-up is shown if you want to use Receiver to open the file. Click on yes. It will show the option to select the application that will open the file.
