WASHINGTON, June 28, 2021 — Ancient Rome's emperors did some pretty bizarre stuff — bursting into uncontrollable fits of laughter, appointing a horse as a priest, dressing in animal skins and ...

With stylistic brilliance and historical imagination, the first five books of Livy's monumental history of Rome record events from the foundation of Rome through the history of the seven kings, the establishment of the Republic and its internal struggles, up to Rome's recovery after the fierce Gallic invasion of the fourth century B.C. Livy vividly depicts the great characters, legends, and tales, including the story of Romulus and Remus. Reprinting Robert Ogilvie's lucid 1971 introduction, this highly regarded edition now boasts a new preface, examining the text in light of recent Livy scholarship, informative maps, bibliography, and an index. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Books VI-X of Livy's monumental work trace Rome's fortunes from its near collapse after defeat by the Gauls in 386 bc to its emergence, in a matter of decades, as the premier power in Italy, having conquered the city-state of Samnium in 293 bc. In this fascinating history, events are described not simply in terms of partisan politics, but through colourful portraits that bring the strengths, weaknesses and motives of leading figures such as the noble statesman Camillus and the corrupt Manlius vividly to life. While Rome's greatest chronicler intended his history to be a memorial to former glory, he also had more didactic aims - hoping that readers of his account could learn from the past ills and virtues of the city.

Books XXXI to XLV cover the years from 201 b.c. to 167 b.c., when Rome emerged as ruler of the Mediterranean.

Traces the history of early Rome, covering such topics as religion, language, and culture.

New York Times Bestseller A New York Times Notable Book Named one of the Best Books of the Year by the Wall Street Journal, the Economist, Foreign Affairs, and Kirkus Reviews Finalist for the National Book Critics Circle Award (Nonfiction) Shortlisted for the Cundill Prize in Historical Literature Finalist for the Los Angeles Times Book Prize (History) A San Francisco Chronicle Holiday Gift Guide Selection A New York Times Book Review Editors' Choice Selection A sweeping, "magisterial" history of the Roman Empire from one of our foremost classicists shows why Rome remains "relevant to people many centuries later" (Atlantic). In SPQR, an instant classic, Mary Beard narrates the history of Rome "with passion and without technical jargon" and demonstrates how "a slightly shabby Iron Age village" rose to become the "undisputed hegemon of the Mediterranean" (Wall Street Journal). Hailed by critics as animating "the grand sweep and the intimate details that bring the distant past vividly to life" (Economist) in a way that makes "your hair stand on end" (Christian Science Monitor) and spanning nearly a thousand years of history, this "highly informative, highly readable" (Dallas Morning News) work examines not just how we think of ancient Rome but challenges the comfortable historical perspectives that have existed for centuries. With its nuanced attention to class, democratic struggles, and the lives of entire groups of people omitted from the historical narrative for centuries, SPQR will to shape our view of Roman history for decades to come.

Romulus and Remus, the rape of Lucretia, Horatius at the bridge, the saga of Coriolanus, Cincinnatus called from his farm to save the state -- these and many more are stories which, immortalized by Livy in his history of early Rome, have become

part of our cultural heritage. This new annotated translation includes maps and an index and is based on R. M Ogilvie's Oxford Classical text, the best to date. - ;` the fates ordained the founding of this great city and the beginning of the world's mightiest empire, second only to the power of the gods' Romulus and Remus, the rape of Lucretia, Horatius at the bridge, the saga of Coriolanus, Cincinnatus called from his farm to save the state - these and many more are stories which, immortalised by Livy in his history of early Rome, have become part of our cultural heritage. The historian's huge work, written between 20 BC and AD 17, ran to 12 books, beginning with Rome's founding in 753 BC and coming down to Livy's own lifetime (9 BC). Books 1-5 cover the period from Rome's beginnings to her first great foreign conquest, the capture of the Etruscan city of Veii and, a few years later, to her first major defeat, the sack of the city by the Gauls in 390 BC. -

Traces the political and military history of Roman Republic and Empire, from the Italian Iron Age to the last emperor in 476 A.D., examining the link between political institutions and military campaigns, the rise of Christianity, the eventual downfall of the western empire, and other key topics.
