"Terrifying... Eloquent... A heart-rending drama of human yearning."  
--New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating

from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he

searches for the clues to the dries and desires that propelled McCandless. Digging deeply, he takes an inherently compelling mystery and unravels the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation

beloved border collie, Rose, and their transformative years together on Bedlam Farm. “ I like to say you get the dog you need, ” Jon Katz writes, “ and I don ’ t think any human ever needed a dog more than I needed Rose in the fall of 2003. ” That year, Katz embarked on a quixotic quest, moving from the suburbs of New Jersey to a sprawling farm in upstate New York to pursue his dream of becoming a writer. And by his side was Rose, his unswervingly loyal and unflappable new dog. Whether herding sheep on the rolling hillsides, rounding up the neighbors ’ stray cows, or rescuing lambs on a freezing winter night, Rose had a nimble mind and a great love for work. Never wanting to be coddled, she watched over Bedlam Farm with singular focus and efficiency, protecting Katz and his

menagerie from wild coyotes and menacing storms. Yet Rose saved Katz in more ways than he ever imagined. As he struggled to manage the farm ' s daily dramas—and continued to seek his true sense of purpose—Rose connected him to his deeper humanity and a more authentic life. With warmth, insight, and emotional honesty, Jon Katz has written a joyful remembrance of a one-of-a-kind dog. The Story of Rose reaffirms the profound bond people share with their pets, and the ways that animals indelibly shape our lives.

“ Jon Katz understands dogs as few others do, intuitively and unburdened by sentimentality. . . . With wisdom and grace, he unlocks the canine soul and the complicated wonders that lie within and offers powerful insights. ” —John Grogan, author of
